

English

In Guided Reading we will be referring to the same text that we will start for our writing unit – Mr Penguin and the Lost Treasure. From this book we will continue to develop our understanding of inference and deduction and make predictions about what we are reading.

In English we will be reading Mr Penguin and the Lost Treasure (By Alex T Smith), as well as using films as a stimulus and other short texts including fables. From the books we read together, we will cover a variety of writing genres including persuasive writing, descriptive writing and information texts.

Spelling – we will continue to look at the statutory Year 3 and 4 spellings as well as embedding the spelling patterns from the

RE and Spirituality

Religion: *Judaism*

Passover

We will learn about the Jewish holiday that occurs in the Spring.

Mountain Ranges

The Arts

We will be exploring how to use a variety of mediums in order to create:

Misty mountain pictures

Layered collages

Spring Painting

Tilly Willis Art work

In music we will engage with a Charanga topic titled 'Stop!'

In IT we are going to be learning about:

- Programming

In Humanities we are going to...

Investigate the world's mountain ranges – finding out where they are located, their characteristics, their climates and the history of climbing Mount Everest.

In Maths we are going to cover the following topic areas:

- Multiplication & Division - consolidating previous knowledge and understanding of the methods used to answer questions efficiently.
- Money – to be able to add and subtract, count and convert money
- Statistics – bar charts, tables and pictograms

In French we are going to:

Follow the La Jolie Ronde scheme, where we will continue to learn how to name parts of the body, say some adjectives, as well as zoo animals and verbs.

In Science we are going to research the following:

Living things and habitats – we will explore a variety of ways to identify, sort, group and classify living things. They learn how animals are split into 'vertebrates' and 'invertebrates'. We will begin to consider the differences between living things within these classifications.

Health – PE, PSHCE and well being
